

XProtect® Mobile

View video from your Milestone XProtect® system from almost anywhere on your smartphone or tablet with the new XProtect Mobile. Designed by Milestone, XProtect Mobile is a free application that works seamlessly with all XProtect video management software (VMS). It gives instantaneous access to XProtect surveillance systems from almost anywhere around the globe via Wi-Fi, 3G or 4G connections. With XProtect Mobile you can view and play back video, control pan-tilt-zoom (PTZ) cameras and take a snapshot of video and share it via MMS and email, helping you see what's important to you.

XProtect Mobile supports devices running the following operating systems and higher: Android™ 2.2 and iOS 5. It works seamlessly with the following XProtect VMS versions and higher: XProtect® Go 2, XProtect® NVR 1, XProtect® Essential 2, XProtect® Express 1, XProtect® Professional 8, XProtect® Enterprise 8 and XProtect® Corporate 4.
