## Deployment at corporate campus: Sports Network Broadcast Leader

- ☐ Headquarters in Bristol, Connecticut, US
- □ Perimeter protection: need Intrusion Detection for 60+ acre campus, 1.80-km perimeter, 250+ cameras

## **Problem**

- Hundreds of false alarms per day
- Cameras of different brands and resolutions
- Need Al solution to integrate with existing VMS (Milestone)

## **Solution: AI NVR Intrusion Detection**

- Detect person & vehicle based on type, not size
- Configure regions of interest (ROIs) from simple UI
- Integrate seamlessly with Milestone XProtect

## **Impact**

- Decrease false alarms from hundreds/day to 2-3/day
- Save time for security staff
- Add value without replacing existing cameras & NVRs
- Better performance than previously tested Avigilon, Briefcam and Axis systems
