Summary of Verification

Vanderbilt provided a remote desktop session to Milestone where the SPC Milestone Plugin with XProtect® 2018 was verified to work.

All products are verified by Milestone Engineers. Vanderbilt provided Milestone with the following for the verification process:

- Video introduction of Milestone and Vanderbilt SPC Milestone Plugin
- Architecture diagram showing the test setup
- Presentation overview
- Additional documents, manuals, data sheets, ordering and license agreements

About the Milestone Verification Program

The Milestone Verification Program is intended to verify the general functionality and compatibility of the partner's solution/product with the Milestone XProtect® video management software (VMS).

The technical setup, configuration, testing and operations are done by the partner and verified by Milestone.

Benefits:

- Milestone endorsement of the solution/product ensures you are choosing a solution that has been checked and verified to be working with Milestone XProtect
- Verification of your solution/product being interoperable and/or optimised for XProtect video management software(VMS)
- Differentiation from non-verified solutions/products, providing a competitive advantage
