PLEASE READ TH	IIS END-USER LICENSE AGREEMENT CAREFULLY BEFORE, INSTALLING, ACCESSING
BY DOWNLOAD	ING, INSTALLING, ACCESSING AND/OR USING THE SOFTWARE YOU HEREBY AGREE
1. <u>Agreeme</u>	<u>nt</u>
This End-User Licer	nse Agreement ("EULA") is a legal agreement between you and Systeminence Offshore SAL. By instal
Systeminence may a	cquire or develop new Software from time to time that require additional end user license terms. In such
f you have any que	stions or concerns regarding the terms herein please email Systeminence at legal@systeminence.com I

On the next screen, the installer will be checking the dependencies. If needed, the dependencies will be installed automatically.

Smart Wall Direct Setup		×
	Smart Wall Dependencies	
	In order to continue, the wizard has to install the following third-party dependency.	
systeminence	Microsoft .NET Framework 4.8	
	← Back Next → Cance	

On the next screen, provide the XProtect Management Server address, login type and username and password.

The supported login types are:

- Windows authentication (current user): This type of windows authentication is used to login using the current logged in user.
- Windows authentication: This type of authentication uses a windows login but different than the already logged in user.
- Basic user: This type of authentication uses a user created in Milestone

Once the following credentials are provided, click save. The installer will check the connection to the XProtect Management Server and in case it is successful, the installation will proceed, otherwise the installation will not proceed and an error message will be displayed.

On the next screen, the installer will provide you with the location of the license request. The license should be sent to Systeminence licensing team for licensing.

. Sr	nart Wall Direct Setup		×
	systeminence	The wizard successfully installed milestone plugin. License Configuration License request file was saved to "C:\Program files\Milestone \MIPPhigins\Smart Wall Direct\LicenseConfig xml". Press Open button to retrieve the license saved to the directory. Open	
			Finish

4. Operation

License

Once license is generated, the license file should be placed in "C:\Program Files\Milestone\MIPPlugins\Smart Wall Direct".

In case the demo license has expired, an error message will appear when the Smart Wall Direct icon will be clicked.

Controlling cameras on the XProtect Smart Wall

Once the plugin is installed, the user has to click on the Smart Wall Direct icon to maximize or minimize the required camera on a camera of the XProtect Smart Wall.
