

Milestone-Surveillance Systems

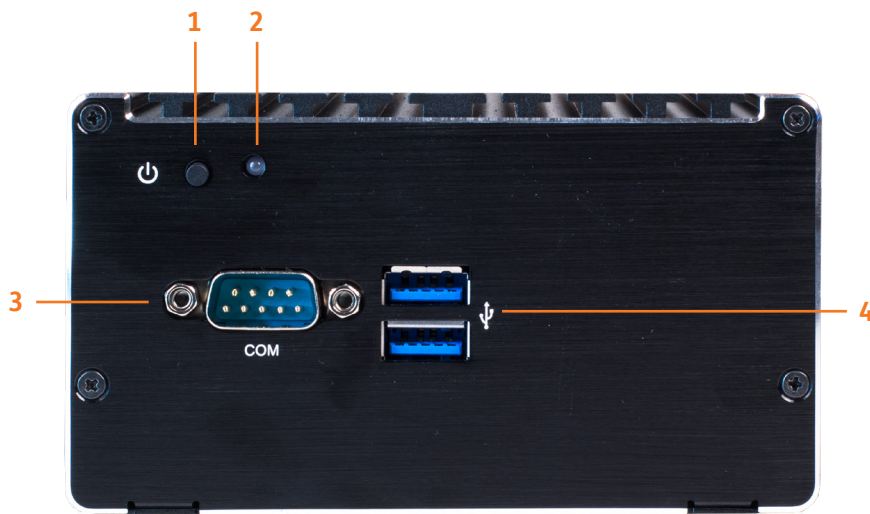

LESv3 - NVR8

The LESv3 – NVR50 is a network video recording system that is designed and verified for the surveillance software Milestone XProtect.

Up to 8 cameras can be managed simultaneously with the extremely energy-efficient and silent server in a compact format. The Low Energy System comes equipped with an Intel Celeron N3160 (4 cores, 1.6 GHz) CPU as well as energy-efficient, high-performance SSDs for storage up to 4 TB.

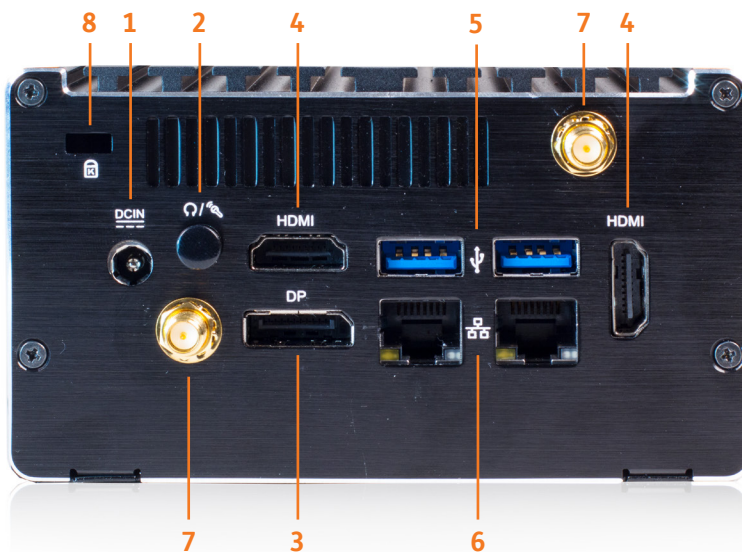

Key features

- Milestone verified
- Up to 8 cameras
- Suitable for 24/7 continuous operation and mobile use
- Hardware-supported encryption via Intel AES-NI
- Small server with the dimensions of 65 mm (H), 116 mm (W), 110 mm (D)
- Can be operated in ambient temperatures ranging from 0–40 °C
