1 VEZHA Hard hats Plugin Description

VEZHA Hard hats Plugin is intended for recognition of the employees who are in shop or on a building site without a protective hardhat, and to inform about it.

2 Installation

1. Launch the installer by double-clicking on the downloaded file **VEZHA_Hardhats_Setup.**

2. In the opened window, select the language that will be used during the installation process. To go further, click **OK**. To abort installation click **Cancel**.

Select S	Setup Language X]
۲	Select the language to use during the installation.	
	English ~	
	OK Cancel	

3. In a new window, read the installation recommendations and click **Next** to continue the installation, or the **Cancel** button to abort the installation.

4. In the **Select Destination Location** window using the **Browse** button, specify the location where you want to install the plugin. The plugin must be installed in the Milestone folder with other plugins. After selecting the desired folder, click **Next** to continue the installation or **Cancel** to abort the installation.
