# Quick installation guide

**Dear Value Customer/Partner**

IPView SmartPark/NOPark 2019 is a special extension of the IPView LPR GT ITS Portal.

Further setups as well as licenses must be uploaded on installation basis.

Perhaps we do not provide detailed installation instructions before having done our technical courses.

Demo will be set in accordance to customer/end user needs.

For further information please write to info@teas.it or support@teas.it.
