VERIFIED
SOLUTION

Summary of Verification

Gruppo DAB provided a remote desktop session to Milestone where the Galassia 4.0 with XProtect® 2019 R1 was verified to work.

All products are verified by Milestone Engineers. Gruppo DAB provided Milestone with the following for the verification process:

- Documentation explaining the benefits of features of the Galassia 4.0.
- Brochure / Whitepaper
- Screenshots

About the Milestone Verification Program

The Milestone Verification Program is intended to verify the general functionality and compatibility of the partner's solution/product with the Milestone XProtect® video management software (VMS).

The technical setup, configuration, testing and operations are done by the partner and verified by Milestone. Benefits:

- Milestone endorsement of the solution/product ensures you are choosing a solution that has been checked and verified to be working with Milestone XProtect
- Verification of your solution/product being interoperable and/or optimised for XProtect video management software (VMS)
- Differentiation from non-verified solutions/products, providing a competitive advantage
