About the Milestone Verification Program

The Milestone Verification Program is intended to verify the general functionality and compatibility of the partner's solution/product with the Milestone XProtect® video management software (VMS).

The technical setup, configuration, testing and operations are done by the partner and verified by Milestone.

Benefits:

- Milestone endorsement of the solution/product ensures you are choosing a solution that has been checked and verified to be working with Milestone XProtect
- Verification of your solution/product being interoperable and/or optimised for XProtect video management software(VMS)
- Differentiation from non-verified solutions/products, providing a competitive advantage
