

This integration is verified by Milestone

Confirmation of Compatibility

Summary of verification

Documentation

Accellence Technologies provided a remote desktop session to Milestone where the Partner Product proved to be compatible with XProtect® version applied.

The Partner Product's compatibility is verified by Milestone Engineers. Partner provided Milestone with the following for the verification process:

- Architecture diagram showing the data flow
- Screenshots
- Additional Documents such as user and administrator manuals

Conclusion

Milestone confirms to have reviewed the verification documentation and on the date of such review, and to the best of our knowledge, the Product is compatible with the Milestone XProtect version applied in the testing environment. For information on the testing environment and the verification documentation please contact our Partner.

About Milestone Verification

Milestone Software verification is intended to verify the compatibility of the partner's specific product, based on the documentation submitted, with a current Milestone Product.

Milestone provides guidance, tools and suggested methods for the verification. The verification setup, configuration, testing and operations are conducted by the partner, and the test result is verified by Milestone.

Milestone does not warrant our partners' products nor functionalities. Milestone only verifies compatibility with the Milestone Product version applied in verification tests. Milestone does not verify product compatibility for installations not comparable with the testing environment.

Technology Partner

Accellence Technologies

Partner Product

Milestone XProtect 2.2.1.28001

- Integration method:
Protocol/Component
- Required additional integration:
None

Milestone Product

XProtect Corporate 2025 R2

Date of verification

2025-12-02

Technology Partners are responsible for testing with older/newer versions of the Milestone Product. Milestone recommends to verify integrations every two years.
