Milestone Verified Solution

Title: Smart Client – Control Room

Partner: EET Europarts GmbH

Product: ControlRoom Plugin V3

Milestone: XProtect® 2018 R3

Date: 24-01-2019

Period: 24-01-2022

milestone

VERIFIED
SOLUTION

Summary of Verification

All products are verified by Milestone Engineers. EET Europarts provided Milestone with the following for the verification process:

- Administrator and User manual
- Short presentation about the functionality and key features of the Control Room Application
- Introduction / explanation Video, showing the functionality of the Control Room Application, recorded from EET Europarts Demo System

Conclusion

The Control Room plugin for Milestone XProtect® is an easy-to-use solution that complements the Milestone VMS, making the Smart Client even smarter. The Control Room plugin adds typical features needed in busy video control rooms or alarm centres.

About the Milestone Verification Program

The Milestone Verification Program is intended to verify the general functionality and compatibility of the partner's solution/product with the Milestone XProtect® video management software (VMS).

The technical setup, configuration, testing and operations are done by the partner and verified by Milestone.

Benefits:

- Milestone endorsement of the solution/product ensures you are choosing a solution that has been checked and verified to be working with Milestone XProtect
- Verification of your solution/product being interoperable and/or optimised for XProtect video management software(VMS)
- Differentiation from non-verified solutions/products, providing a competitive advantage
