Milestone Verified Solution

Title: Verification of TDS Access Control Plugin

Partner: **TDS access and life safety**

Solution: TDS Access Control Plugin

Milestone: XProtect 2018 R3

Date: 07/11/2018

Period: 07/11/2021

VERIFIED
SOLUTION

Summary of Verification

TDS provided a remote desktop session to Milestone engineers who were provided with a complete demonstration of the access control plugin working with XProtect® 2018

Additionally, the following formed part of the verification process:

- Architecture diagram showing the test setup
- Documentation describing the setup
- Configuration guide

Conclusion

The TDS Access control product works seamlessly with Milestone XProtect 2018 and provides a complete integrated solution allowing the TDS access control to be controlled within Milestone.

About the Milestone Verification Program

The Milestone Verification Program is intended to verify the general functionality and compatibility of the partner's solution/product with the Milestone XProtect® video management software (VMS).
The technical setup, configuration, testing and operations are done by the partner and verified by Milestone.

Benefits:

- Milestone endorsement of the solution/product ensures you are choosing a solution that has been checked and verified to be working with Milestone XProtect

- Verification of your solution/product being interoperable and/or optimised for XProtect video management software (VMS)

- Differentiation from non-verified solutions/products, providing a competitive advantage
