

Milestone Verified Solution

Title: Verification Tiger Technology

Partner: Tiger Technology

Solution: Tiger Bridge

Milestone: XProtect 2018 R3

Date: 12/10/2018

Period: 12/10/2021

Summary of Verification

Tiger Technology provided a remote desktop session to Milestone engineers who were provided with a product demonstration of their Bridge technology working with XProtect® 2018

Additionally, the following formed part of the verification process:

- Architecture diagram showing the test setup
- Documentation describing the setup

Conclusion

Tiger Bridge allows for Milestone cameras to be archived to the cloud by transparently replicating the video footage. It moves the data from a local volume to your cloud destination of choice. The product works seamlessly with Milestone XProtect 2018.

About the Milestone Verification Program

The Milestone Verification Program is intended to verify the general functionality and compatibility of the partner's solution/product with the Milestone XProtect® video management software (VMS).

The technical setup, configuration, testing and operations are done by the partner and verified by Milestone.

Benefits:

- Milestone endorsement of the solution/product ensures you are choosing a solution that has been checked and verified to be working with Milestone XProtect
- Verification of your solution/product being interoperable and/or optimised for XProtect video management software(VMS)
- Differentiation from non-verified solutions/products, providing a competitive advantage
