SEE MORE WITH LESS

Panomera® at work in
◆ milestone I XProtect®

Monitor large areas or long distances with exceptional detail – and with only a fraction of the cameras required in conventional solutions.

WITH XPROTECT® AND PANOMERA®

UNLIMITED "VIRTUAL PTZS" AND A COMPLETE OVERVIEW

Patented camera technology
A Dallmeier Panomera® camera system intelligently combines the images from up to seven detail sensors and one overview sensor into a high-resolution overall view of the area.

Fully integrated in Milestone XProtect®
Milestone users can view the full high-resolution image at any time in the XProtect® Smart Client interface and open any number of detailed views.

More than 150 MP and unlimited PTZs
Imagine having a camera with well over 150 MP and as many pan-tilt-zoom (PTZ) cameras as your current situation requires! And not only live, but also in your recording.

ABOUT MILESTONE

Milestone Systems is a leading provider of open platform video management software; technology that helps the world see how to ensure safety, protect assets and increase business efficiency. Milestone enables an open platform community that drives collaboration and innovation in the development and use of network video technology, with reliable and scalable solutions that are proven in more than 500,000 installations worldwide. Founded in 1998, Milestone is a stand-alone company in the Canon Group.
