Partner Product: *D-Tect Driver V1.0*

Milestone Product XProtect®: *Corporate 2020 R1*

Date of Verification: *18-May-2020*

Summary of Verification Documentation

Partner provided a live demo and a GJD device (GJD230 D-Tect 2 IP) for testing purposes to Milestone where the Partner Product was tested and proved to be compatible with XProtect® version applied.

The Partner Product's compatibility is verified by Milestone Engineers. Partner provided Milestone with the following for the verification process:

- GJD Gateway installer
- D-Tect Driver files
- User manual (video and document) describing initial setup of driver for work with Milestone XProtect®
- Video manual showcasing usage of device PIR detection for creating Bookmarks in Milestone XProtect®

Conclusion

Milestone confirms to have reviewed the verification documentation and on the date of such review, and to the best of our knowledge, the Product is compatible with the Milestone XProtect version applied in the testing environment. For information on the testing environment and the verification documentation please contact our Partner.

About Milestone Verification

Milestone Verification is intended to verify the compatibility of the partner's specific product, based on the documentation submitted, with a current Milestone XProtect® video management software (VMS).

Milestone provides guidance, tools and suggested methods for the verification. The verification setup, configuration, testing and operations are conducted by the partner, and the test result is verified by Milestone.

Milestone does not warrant our partners' products nor functionalities. Milestone only verify compatibility with the Milestone XProtect version applied in verification tests. Milestone does not verify product compatibility for installations not comparable with the testing environment.
